RESEARCH PROFESSIONAL

Univerza v Ljubljani plačuje naročnino za Research Professional, informacijsko platformo, ki se ponaša z največjo bazo odprtih razpisov na svetu. V bazo je vključenih več kot 12.000 financerjev, ki dnevno objavijo več kot 350 **razpisov za raziskovanje, razvoj, izobraževanje, raziskovalne infrastrukture, potne stroške, nagrade in druge z raziskovanjem povezane možnosti**. Vsi raziskovalci, študentje in ostali zaposleni Univerze v Ljubljani imate **brezplačno možnost uporabe** omenjene platforme, preko katere si lahko nastavite svoje iskalne kriterije (znanstveno področje, tip dotacije, vir financiranja, rok prijave, višina financiranja itd.), ter iskalno nastavitve shranite. Tako lahko shranite neomejeno število iskanj in si nastavite možnost »ALERT«, s katero boste vsak petek prejeli tedensko svež elektronski izbor razpisov, ki ustrezajo vašim vnaprej nastavljenim iskalnim preferencam.

Spletna stran: <https://www.researchprofessional.com/>

Uporabnik se lahko registrira na naročniško verzijo programa samo iz računalnikov, ki so znotraj univerzitetnega omrežja. Preko gumba »REGISTER« (desno zgoraj) si izberete uporabniško ime in geslo. Če želite uporabljati program izven univerzitetnega računalniškega omrežja, morate biti registrirani, saj se vam pojavi samo možnost »SIGN IN«, ne pa »REGISTER«. V kolikor potrebujete dodatne informacije prosim sporočite na projekt@uni-lj.si.

NOVO: Omogočen tudi oddaljen dostop do Research Professional

Na platformo se povežete tako, da uporabite [povezavo](#) in nato se prijavite.

Če naletite na težave pri dostopu do storitve, se obrnite na [podporo Research Professional](#).

PLATFORM CROWDHELIX

Platforma CROWDHELIX je namenjena povezovanju akademskih institucij in podjetji pri oblikovanju kompetitivnih konzorcijev za pripravo projektov na razpise programa Obzorje Evropa. Na platformi, ki je razdeljena na različna tematska področja (*helixes*), lahko objavite svoje interese po sodelovanju ali pa poiščete že obstoječe iniciative oziroma konzorcije, ki iščejo partnerje z določeno ekspertizo. Trenutno je na platformi objavljenih 2503 priložnosti z več kot 14.100 uporabniki iz 740 aktivnih organizacij.

Univerza v Ljubljani plačuje letno članarino, zato se lahko raziskovalci in raziskovalke [UL registrirajo brezplačno](#)

Kratek pregled platforme in njenih funkcionalnosti:

- Iskanje partnerskih ponudb po tematskih področjih
- Povezovanje akademskih institucij s podjetji
- Iskanje drugih priložnosti za sodelovanje
- Objava in iskanje tematskih dogodkov

[Izmenjava mnenj in priložnosti](#)

OBJAVLJENI RAZPISI

HORIZON RAZPISI

HORIZON-WIDERA-2025-ACCESS-01 — Teaming for excellence	
Več informacij:	Spletna stran razpisa
Rok prijave:	10.04.2024
Opis:	<p>The Horizon Europe: Widening Participation and Strengthening the European Research Area incites applications for its HORIZON-WIDERA-2025-ACCESS-01 — Teaming for excellence. This supports countries to increase their R&I intensity and to attain a competitive position in the European R&I system and globally, especially by becoming drivers of change.</p> <p>***Planned opening date: 03 December 2024***</p>
Proračun:	MAX 15.000.000 EUR

HORIZON-MISS-2024-OCEAN-02-01 - Community-led actions to restore our ocean, seas and waters	
Več informacij:	Spletna stran razpisa
Rok prijave:	18.09.2024
Opis:	<p>This supports community-led pilot actions and transition agendas that are implementing innovative solutions to restore the ocean, seas and waters.</p>
Proračun:	MAX 12.500.000 EUR

OSTALI RAZPISI

Young scientist award in air traffic management and aviation	
Več informacij:	Spletna stran razpisa
Rok prijave:	21.08.2024
Opis:	<p>The Single European Sky ATM Joint Undertaking invites entries for its young scientist award. This recognises young scientists with a high potential to contribute to scientific research in the field of air traffic management and aviation. The award also provides researchers starting out in their career with an opportunity for further professional development.</p>
Proračun:	MIN 5.000; MAX 10.000 EUR

Satellite communication systems training course	
Več informacij:	Spletna stran razpisa
Rok prijave:	28.08.2024
Opis:	<p>This enables students to participate in the ESA Academy's Satellite Communication Systems Training Course, to be held from 18 to 22 November at ESA Academy's Training and Learning Facility in ESEC-Galaxia, Belgium.</p>
Proračun:	MAX 300 EUR

EFIC-Grünenthal grants	
Več informacij:	Spletna stran razpisa
Rok prijave:	02.09.2024
Opis:	These support clinical and human experimental pain research including innovative educational initiatives aimed at improving diagnosis and treatment of pain.
Proračun:	MAX 50.000 EUR

Sarah Jones Award	
Več informacij:	Spletna stran razpisa
Rok prijave:	12.09.2024
Opis:	This recognises an otherwise unrecognised contribution to the community in Open Science.
Proračun:	--

Art, science and the digital: Unleashing creativity for European water management	
Več informacij:	Spletna stran razpisa
Rok prijave:	15.09.2024
Opis:	Consortia are invited to propose concrete ideas at the nexus of art, digital, and water how an alliance of digital experts, artists and stakeholders in water can achieve relevant goals.
Proračun:	MAX 2.500.000 EUR

EIT community — AI challenge	
Več informacij:	Spletna stran razpisa
Rok prijave:	15.09.2024
Opis:	The European Institute of Innovation and Technology (EIT) community invites applications for the AI challenge. This supports cross-sectoral collaboration to speed up the development and implementation of AI technologies for creating more efficient, sustainable and resilient systems.
Proračun:	MIN 10.000 EUR; MAX 30.000 EUR

Commercial Applications of Space-Enabled Robotics - health and safety	
Več informacij:	Spletna stran razpisa
Rok prijave:	17.09.2024
Opis:	Within the framework of the “Commercial Applications of Space-Enabled Robotics” umbrella programme, this Call for Proposals invites proposals for Feasibility Studies and Demonstration Projects for services that combine the use of satellite technologies and robotics for downstream services for Health and Safety. Within the health and safety sectors, applications are foreseen related to disaster response, search and rescue, CBRNE (Chemical, Biological, Radiological, Nuclear and Explosive) operational safety, wildfire detection and response, telemedicine,

	social robotics, public and worker safety, and further application areas identified within the domains of health and safety. The initiative is open to the submission of proposals for Feasibility Studies and Demonstration Projects: <ul style="list-style-type: none"> • Feasibility Studies - which provide the preparatory framework to identify, analyse and define new potentially sustainable services • Demonstration Projects - dedicated to the implementation and demonstration of pre-operational services
Proračun:	--

Open Call for for Innovative Experiments	
Več informacij:	Spletna stran razpisa
Rok prijave:	19.09.2024
Opis:	The objective is to deploy and test innovative experiments over the 6G-SANDBOX experimentation infrastructure.
Proračun:	MAX 60.000 EUR

Max Weber fellowships	
Več informacij:	Spletna stran razpisa
Rok prijave:	18.10.2024
Opis:	These enable early career scholars in political and social sciences, law, economics and history to spend time in one of the research centres of the European University Institute in Florence.
Proračun:	--

Jean Monnet postdoctoral fellowships	
Več informacij:	Spletna stran razpisa
Rok prijave:	25.10.2024
Opis:	These enable postdoctoral researchers, tenure track academics and other scholars taking a sabbatical to spend a year as fellows at the Robert Schuman Centre in Florence.
Proračun:	MAX 31.200 EUR

Jean Monnet fellowships	
Več informacij:	Spletna stran razpisa
Rok prijave:	25.10.2024
Opis:	The Fellowship programme is open to post-docs, tenure track academics and other scholars in the social sciences and humanities wishing to spend their sabbatical at the Robert Schuman Centre for Advanced Studies. Fellows will collaborate with PhD students, other postdocs and EUI academic staff, and contribute to the activities of the project or programme they are associated with.

	Fellows must live in the area of Florence for the duration of their Fellowship so that they can take an active part in the academic activities of the Robert Schuman Centre for Advanced Studies.
Proračun:	--

Nature-based Solutions	
Več informacij:	Spletna stran razpisa
Rok prijave:	20.11.2024
Opis:	<p>This 'Nature-based Solutions' opportunity provides funding for kick-start activities to teams who would like to develop a service related to nature-based solutions applications. Nature-based Solutions (NBS) leverage the power of healthy ecosystems to enhance protections for society, optimise infrastructure, and ensure a biodiverse future. Kick-Start activities explore the business opportunity and the technical viability of new applications and services that exploit one or more space assets (e.g. Satellite Communications, Satellite Navigation, Earth Observation, Human Spaceflight Technology). Topics of relevance include:</p> <ul style="list-style-type: none"> • Ecosystem restoration; • Urban resilience; • Nature-related risks, opportunities, and disclosures
Proračun:	MAX 100.000 EUR

CirInWater Internationalisation lump sum 1st round	
Več informacij:	Spletna stran razpisa
Rok prijave:	12.02.2025
Opis:	<p>This entrepreneurship programme is designed for agrifood startups as post-accelerator to catapult them into the heart of the Basque Entrepreneurship Ecosystem. The programme content includes:</p> <ul style="list-style-type: none"> • Immersive Agenda: Spend 3-4 weeks in Bilbao at B Acceleration Tower (BAT) and connect from there with leading companies in the sector linked to your value chain and growth needs. • Targeted Training Sessions: Identify and tackle individual and collective challenges through targeted training, finding effective solutions to meet your needs. • Conferences and Networking: Engage with leading other entrepreneurs and key stakeholders in the agrifood sector to expand your company potential in the Basque, Spanish and European ecosystem.
Proračun:	MAX 2.000 EUR

EIC Investor Readiness and Outreach Programme	
Več informacij:	Spletna stran razpisa
Rok prijave:	--
Opis:	The EIC Investor Readiness Outreach Programme (formerly a part of the EIC Ecosystem Partnerships and Co-Investment Support) is designed to support innovators at various stages of their fundraising journey, from those just starting out

	to those ready to bring their projects to market. The programme aims to enhance the investor readiness of EIC Accelerator innovators, providing them with the necessary tools and knowledge to attract investment and scale their ventures. Once ready, the programme also provides introductions to the best investors in their sector.
Proračun:	--

Call for proposals on European remembrance

Več informacij:	Spletna stran razpisa
Rok prijave:	--
Opis:	The Directorate-General for Justice and Consumers invites applications for its call for proposals on European remembrance. This supports projects aimed at commemorating defining events in modern European history, including the causes and consequences of authoritarian and totalitarian regimes, slavery and colonialism, and the Holocaust, and at raising awareness among European citizens, of their common history, culture, cultural heritage and values, thereby enhancing their understanding of the Union, its origins, purpose, diversity and achievements and of the importance of mutual understanding and tolerance.
Proračun:	--

Call for proposals to foster citizens' engagement and participation

Več informacij:	Spletna stran razpisa
Rok prijave:	--
Opis:	The Directorate-General for Justice and Consumers invites applications for its call for proposals to foster citizens' engagement and participation. This promotes citizens' and representative associations' participation in and contribution to the democratic and civic life of the Union by making known and publicly exchanging their views in all areas of Union action.
Proračun:	--

TENDER RAZPISI

Članice se na razpise "tenders" prijavljajo samostojno, saj se izvajajo po naročilu in so v celoti financirani na podlagi zbiranja ponudb oziroma javnih naročil.

TENDER - Benchmarking of national innovation procurement policies and investments

Več informacij:	Spletna stran razpisa
Rok prijave:	19.08.2024
Opis:	European Innovation Council and SMEs Executive Agency invites tenders for its benchmarking of national innovation procurement policies and investments. This aims to benchmark the national policy frameworks and investments on innovation procurement around Europe, to identify what are good practices versus remaining barriers, including regarding regulatory compliance, and how they can be overcome.
Proračun:	MAX 2.000.000 EUR

TENDER - Selected implementing aspects of the draft Regulation on Standard Essential Patents (SEPs)	
Več informacij:	Spletna stran razpisa
Rok prijave:	26.08.2024
Opis:	The study shall address the scope of the draft SEPs Regulation, the implementation of essentiality checks and related administrative aspects. With regard of the scope, the purpose of this contract is to provide the Contracting Authority with an objective, fact-based, economically sound (1) market analysis of the standard landscape based on which, (2) a methodology to apply the scope as described above is established and (3) a preliminary subsumption of the existing standard landscape is drawn to identify specific examples of standards that would warrant inclusion in the scope of application. With regard to the essentiality check system of the proposal, the contract is intended to provide a comprehensive, streamlined methodology on how to conduct essentiality checks in order to increase transparency on which declared patents are truly essential in order to create conditions for more efficient SEP licencing negotiations to the benefit of both, SEP holders and implementers. Finally, the contract should provide specific elements that pertain to the implementation of the Regulation.
Proračun:	MAX 320.000 EUR

TENDER - Studies on promising technologies/alternative fuels for sustainable shipping	
Več informacij:	Spletna stran razpisa
Rok prijave:	28.08.2024
Opis:	The tenderer will carry out studies on promising technologies/alternative fuels for sustainable shipping.
Proračun:	MAX 850.000 EUR

TENDER - Cyber Threat Intelligence support services	
Več informacij:	Spletna stran razpisa
Rok prijave:	03.09.2024
Opis:	<p>The tenderer will provide Cyber Threat Intelligence support services</p> <p>LOT 1: The selected tenderer will be entrusted with the comprehensive monitoring of open sources to identify, collect, and analyse information pertinent to emerging cyber threats, vulnerabilities, and incident reports. This involves the deployment of sophisticated tools and methodologies to capture real-time data across various digital platforms and sources. The provider is expected to distil this vast amount of data into coherent, actionable intelligence reports, including daily summaries, event overviews, flash alerts, and in-depth analyses.</p> <p>LOT2: ENISA is seeking a specialised service provider for Cyber Threat Intelligence (CTI) services to support its CTI tactical, operational, and strategic analysis capabilities covering the whole duration of this framework contract. The selected tenderer will be entrusted with supporting specific analytical reports produced by ENISA's Operations and Situational Awareness Sector. This will primarily entail</p>

	<p>supporting the preparation of reports on situational awareness and CTI. The provider is also expected to contribute to other parts of the intelligence lifecycle, such as the collective daily situational awareness monitoring as well as contribute to source assessment and management as well contribute to ingesting data in a knowledge base.</p> <p>LOT 3: Based on the market research and ENISA's specific needs, the service provider will be tasked with provisioning CTI licenses and subscriptions on behalf of the Agency. Each year, the Agency and the provider will agree on the list of subscriptions and licenses to be acquired.</p>
Proračun:	MAX 3.600.000 EUR

TENDER - Call for tenders OSRA Cluster	
Več informacij:	Spletna stran razpisa
Rok prijave:	06.09.2024
Opis:	<p>EDA promotes, facilitates and manages R&T activities within 15 technology domains (Capability Technology groups – CapTechs) in order to develop knowledge and technologies needed for future defence capabilities. A CapTech is a working group dedicated to a particular technology area (Area of Responsibility – AoR) linked to the EDA R&T taxonomy. The core task of a CapTech is to gather inputs from the MS experts in order to identify technology gaps and common areas of interest for cooperation. The purpose of a CapTech is to propose R&T activities in response to agreed defence capability needs and to generate collaborative R&T projects accordingly within a specific technological scope. The CapTechs also contribute to the preparation of projects and programmes not carried out within the CapTech framework, as e.g. in the frame of the European Defence Fund (EDF), with their expertise whenever required. Up to six (6) different types of contracts are envisaged under the “OSRA” Cluster:</p> <ul style="list-style-type: none"> • CapTechs Air Systems Technologies – Lot I - Direct Contract 1 (DC1); • CapTech Naval Systems Technologies (Maritime) – Lot II - Direct Contract 2 (DC2); • CapTech CBRN – Lot III - Direct Contract 3 (DC3); • Service Framework Contract for the provision of “CapTech Foresight Workshops” - Lot IV; • Service Framework Contract to “Support the implementation of the Action Plan on Autonomous Systems (APAS)” - Lot V; • Service Framework Contract to “Support the implementation of the Action Plan on Artificial Intelligence for Defence” - Lot VI.
Proračun:	MAX 2.500.000 EUR

TENDER - Horizon Europe Project: DESIGN - Evolutions of airworthiness standards for new aircraft structure designs using materials, processes, and advanced manufacturing methods	
Več informacij:	Spletna stran razpisa
Rok prijave:	06.09.2024
Opis:	This invitation to tender addresses the following action: Evolutions of airworthiness standards for new aircraft structure designs using materials, processes, and advanced manufacturing methods. The call for tender is issued ahead of the

	conclusion of the Contribution Agreement between the European Union, represented by the European Commission, and EASA. The conclusion of the aforementioned Contribution Agreement is a prerequisite for the award of any contract resulting from this tender procedure.
Proračun:	MAX 1.090.000 EUR

TENDER - Provision of nuclear analysis services	
Več informacij:	Spletna stran razpisa
Rok prijave:	06.09.2024
Opis:	The Joint Undertaking for ITER and the Development of Fusion Energy invites tenders for its provision of nuclear analysis services. The tenderer will create computer models for radiation transport simulations, radiation transport calculations, activation calculations, determination of nuclear responses (such as heat, damage, gas production, dose and others), assessment of solution convergence and result uncertainty, and technical reporting of all the above. Other support activities in the area of nuclear analysis are also envisaged.
Proračun:	--

TENDER - Enablers for Safe Integration of Military Air Capabilities in the European Sky	
Več informacij:	Spletna stran razpisa
Rok prijave:	16.09.2024
Opis:	This cluster initiative encompasses four distinct projects, each tackling specific aspects of safe airspace integration: <ul style="list-style-type: none"> • Technology Development (Lot 1): This project focuses on developing and testing new technologies that facilitate seamless and safe integration of UAS into shared airspace; • UAS Risk Assessment (Lot 2): This project tackles the crucial task of assessing the risks posed by, and to, unmanned aerial systems operating within shared airspace; • High-Altitude Operations (Lot 3): This project addresses security and defence challenges and opportunities associated with operations conducted at high altitudes; • Need-assessment and Market research (Lot 4): this project aims at collecting the requirements of UAS end-users, conducting state of the art review and conduction a market research to propose future projects scopes on UAS airspace integration.
Proračun:	MAX 3.000 EUR

TENDER - EU Capital and EU Green Pioneer of Smart Tourism	
Več informacij:	Spletna stran razpisa
Rok prijave:	16.09.2024
Opis:	The subject of this call for tenders is to contribute to fostering innovative, smart and sustainable solutions in tourism by destinations through the implementation of the European Capital and European Green Pioneer of Smart Tourism action.
Proračun:	MAX 2.000.000 EUR

TENDER - Deepening on Microcredentials - labour market sector relevance, quality and inclusion	
Več informacij:	Spletna stran razpisa
Rok prijave:	16.09.2024
Opis:	The research to be carried out according to this contract will deepen understanding of the role played by microcredentials in supporting labour market related and employment relevant education, training and learning. The findings of the study will offer new knowledge on labour market sector relevance of microcredentials, quality and inclusion.
Proračun:	MAX 440.000 EUR

TENDER - European expert network on culture	
Več informacij:	Spletna stran razpisa
Rok prijave:	23.09.2024
Opis:	The Directorate-General for Education, Youth, Sport and Culture invites applications for its European expert network on culture. The tenderer will support policy development in the field of culture. The EENC's work will cover the following cultural and creative sectors and industries: architecture, archives, libraries and museums, artistic crafts, audiovisual (including film, television, video games and multimedia), tangible and intangible, cultural heritage, design, festivals, music, literature, performing arts, publishing, radio and visual arts.
Proračun:	--

TENDER - Capacity Building for Re-industrializing Regions in a Globally Decarbonizing Economy	
Več informacij:	Spletna stran razpisa
Rok prijave:	24.09.2024
Opis:	The project is set to propose a new take on industrial policy specifically tailored for re-industrialising regions building on international connectivity and foreign direct investments (FDIs).
Proračun:	MAX 250.000 EUR

TENDER - Urban Dimension of Cohesion Policy and other EU programmes URDICO	
Več informacij:	Spletna stran razpisa
Rok prijave:	26.09.2024
Opis:	The objective of this targeted analysis is to analyse and compare the implementation of the urban dimension of Cohesion Policy (CP) as well as other EU programmes in the programming period 2014- 2020 and the first years of the 2021-2027 period.
Proračun:	--

TENDER - Implementation of the digitalisation vision for inland waterway transport as part of the European Green Deal	
Več informacij:	Spletna stran razpisa
Rok prijave:	30.09.2024

Opis:	<p>The tenderer will contribute to the Implementation of the digitalisation vision for inland waterway transport as part of the European Green Deal.</p> <p>Extended Deadline. *** The closing date for this opportunity has been extended. The previous deadline of X has been extended to Y. All other call details remain unchanged. ***</p>
Proračun:	MAX 900.000 EUR

TENDER - Call for tenders on horizon scanning system for medical devices & in vitro diagnostic medical devices	
Več informacij:	Spletna stran razpisa
Rok prijave:	18.11.2024
Opis:	<p>HaDEA has published a prior information notice for a EU4Health call for tenders on horizon scanning system for medical devices and in vitro diagnostic medical devices.</p> <p>This call will aim at setting up a horizon scanning system for medical devices and in vitro diagnostic medical devices in order to maintain an up-to-date overview of new and emerging technologies. The system, based on an IT tool, will have to continuously perform screening of available sources for identification of novel, emerging technologies, and assess features that may have an impact on medical devices and in vitro diagnostic medical devices, present opportunities, risks or other features related to new and emerging technologies.</p>
Proračun:	MAX 1.000.000 EUR

NOVICE

➤ **SBRA obvešča: Ursula von der Leyen ostaja predsednica Evropske komisije**

Poslanci Evropskega parlamenta so Ursulo von der Leyen ponovno izvolili za predsednico Evropske komisije. Pred glasovanjem je predstavila svoje politične prednostne naloge za naslednjih pet let. Okrepitev konkurenčnosti evropskega gospodarstva je navedla kot prvo prednostno nalogo. Napovedala je pripravo dogovora za čisto industrijo v prvih stotih dneh novega mandata. V novi ekipi namerava imeti komisarje, ki bodo pristojni za zmanjšanje administrativnega bremena podjetij, za obrambo in za stanovanja.

➤ **Objavljena je študija o učinkih pobude Internet naslednje generacije**

Objavljena je bila študija, v okviru katere je na podlagi različnih meril, kot so uskladitev z digitalnimi pravicami EU, omogočanje zakonodaje EU, vpliv na standardizacijo, zagotavljanje alternativnih rešitev in trajnost, ocenjen učinek projektov pobude Internet naslednje generacije. Pokazala je, da je imela pobuda Internet naslednje generacije pomemben vpliv na oblikovanje trajnostnega in suverena odprtokodnega tehnološkega okolja v Evropi, ki je v skladu s politikami in vrednotami EU.

➤ **Delovni dokument o dosežkih in prihodnjih možnostih vesoljskega programa EU**

Evropska komisija je objavila delovni dokument o dosežkih in prihodnjih možnostih vesoljskega programa EU. V njem je pregled uporabe podatkov in storitev, ki jih zagotavlja vesoljski program EU, s strani uporabnikov. Odraža prispevke držav članic in razprave na različnih forumih, kot so forum uporabnikov programa Copernicus in različne sestave Odbora vesoljskega programa EU.

➤ **Objavljen je razpis za pilotne projekte pobude Šport podpira (Sport Supports)**

Objavljen je razpis za pilotne projekte pobude Šport podpira (Sport Supports). Odprt je do 17. oktobra. Namen pobude je spodbuditi vključevanje otrok in mladih, ki jih je prizadela humanitarna kriza in množične migracije zaradi vojne, v skupnost. Udeležba na športnih srečanjih naj bi pripomogla k izboljšanju njihovega počutja in jim pomagala, da se bodo postopoma prilagodili novemu okolju. Športne dejavnosti, ki imajo moč združevanja ljudi, naj bi pripomogle k interakciji s skupnostjo gostiteljico ter olajšale vključevanje v izobraževalni sistem in na trg dela.

➤ **Evropska komisija predstavlja projekta, ki krepita digitalne spretnosti mladih**

EU Code Week in European network of national Safer Internet Centres (SICs) sta projekta oziroma pobudi, ki ju je Evropska komisija ob svetovnem dnevu spretnosti mladih predstavila kot zgled. Pobuda EU Code Week je namenjena širjenju računalniškega razmišljanja, kodiranja in povezanih digitalnih veščin, kot so robotika, umetna inteligenca, strojna oprema, izdelava aplikacij med mladimi, s posebnim poudarkom na spodbujanju digitalnih veščin deklet. SICs so nacionalna središča, ki med drugim zagotavljajo izobraževalne vire za otroke in mlade.

[Spletna stran z informacijami](#)

➤ **Objavljen je razpis za sodelovanje v kampanji EU za obrambne inovacije o avtonomnih sistemih**

Evropska obrambna agencija (EDA) v okviru vozlišča za evropske obrambne inovacije (HEDI) organizira prvo operativno eksperimentalno kampanjo EU za obrambne inovacije, ki bo poleti 2025 potekala v Italiji. Cilj te pobude, ki je del storitve Hub-a Uptake of Innovation, je pospešiti in racionalizirati vključevanje nastajajočih tehnologij v vojaške zmogljivosti s poglobljenim operativnim in tehničnim preskušanjem na terenu. Prva izdaja se bo osredotočila na avtonomne sisteme za medpodročno logistiko. Na razpisu, ki je odprt do 20. septembra, lahko sodelujejo gospodarski subjekti iz držav članic in podizvajalci iz držav, ki niso članice EU.

Več:

[Spletna stran z informacijami](#)

➤ **Evropska komisija je določila preveč ambiciozne cilje za proizvodnjo in uvoz obnovljivega vodika**

EU verjetno ne bo dosegla ciljev za proizvodnjo in uvoz obnovljivega vodika za leto 2030, ugotavljajo revizorji Evropskega računskega sodišča. Za okrepitev panoge vodika v EU bodo potrebne obsežne javne in zasebne naložbe, vendar Evropska komisija po oceni revizorjev nima popolnega pregleda nad potrebami ali razpoložljivimi javnimi sredstvi. Evropska komisija je sicer sprejela številne pozitivne ukrepe, vendar so po celotni vrednostni verigi vodika še problemi, zato jo revizorji pozivajo, naj preveri dejansko stanje.

➤ **Objavljena je študija o onesnaženosti v mestih**

Raziskovalci Skupnega raziskovalnega središča (JRC) pri Evropski komisiji so objavili rezultate študije o onesnaženosti v mestih, ki so pokazali, da so potrebne celovitejše in integrirane politike za hkratno reševanje vprašanj podnebnih sprememb in kakovosti zraka, pri čemer je treba upoštevati dodatne koristi in posebne okoliščine vsakega kraja..
